

January 29, 2021

The secret to getting ahead is just getting started.

*****Masks are still required everyday. Thank you for making sure your student has one.*****

If your student has been tested and is positive, DO NOT send them to school even if they have NO symptoms!!!! Please contact the DMS front office and speak to our health aide to determine next steps for your child. 970-874-8046

- **Students working from home: Students who are quarantined will still need to access their school work using Google Classroom. Some teachers may live stream lessons and some may record lessons for students to access. Students will need to adjust on what is available and they all have been trained how to access and submit their assignments.**
- **We will make courtesy calls on Fridays just to let you know if your student is not accessing their work from home during quarantine. Our goal is that students do not get behind and get the help and support they need when at home. Students can always email their teachers if they have questions.**

Dress Code- Parents and students please know that if you have holes in your jeans, the holes must be below fingertip length unless you are wearing tights or spandex underneath. Students found in violation of the rule will be asked to change into appropriate clothing or call home for a change of clothes. We appreciate your help and cooperation with following these guidelines.

[Delta School District COVID Dashboard](#)- This is a link to check out Covid cases in our school district.
